

Spring 2024 Goals and TODO-

Host a CTF for Miami Community on Saturday April 20th for 10 - 12 hours duration (10am - 10pm).

The CTF should be 15 total problems.
12 (+3 bonus) problems in case we need extra.

Ideally, we get 10 - 25 participants in the CTF.

Prizes

There should be a prize for the 1st place team (\$50 total value), one for the 2nd place team (\$25 value), and one for the 3rd place team (10\$ value).

Prizes should only be awarded to those who show up at the CTF in person and are available at the end of the CTF.

TODO - Check if the Club has funding for prize money and see how much total can be awarded.
